

S.I.P.CO CONFERENCE

SUSTAINABILITY AND CLIMATE: MULTIPLE CHALLENGES FOR COMMUNITIES

JULY 5, 2024

CASA DELLA CULTURA

VIA ROMA, 3/5, PINZOLO (TRENTO)

In a global context of increasing environmental concern, the conference will provide an opportunity for dialogue and debate between scholars and professionals from different disciplines to analyse and discuss the complex challenges that sustainability and climate change pose to communities.

The aim of the presentations is to stimulate reflection, debate and the search for possible solutions.

The ultimate goal is to co-create and nurture a shared vision of the future in which sustainability and resilience become the foundation of our communities.
